CITY, STATE ZIP

Dear TITLE LAST NAME:

Thank you so much for all of your help with planning and coordinating the recent NICU Family Reunion event at HOSPITAL. Each year approximately 40,000 premature infants are born at risk for neonatal respiratory distress syndrome (RDS) and through this event we were able to celebrate each NICU graduate and how far they've progressed. Our staff and all of the families involved were so grateful for the event and it was such a joy to see how our NICU graduates have grown!

Again, thank you for your support in this cause. Your efforts are greatly appreciated.

Sincerely,
