Dear TITLE LAST NAME:

Thank you for your attendance at the recent NICU Family Reunion event at HOSPITAL. Each year approximately 40,000 premature infants are born at risk for neonatal respiratory distress syndrome (RDS) and through this event we're able to celebrate each former patient and how far they've come since their time in the NICU. Our staff and all of the families involved were so grateful for the event, and it was such a joy to see how our NICU graduates have grown!

As you heard during the reunion, your efforts and support for each family during their journey in the NICU leaves a lasting impression.

Again, thank you for your support in this cause. Your efforts are greatly appreciated.

Sincerely,
