### CHIESI TOTAL CARE TERMS AND CONDITIONS

To enroll in Chiesi Total Care (the "Program") and to assess eligibility for patient support services of the Program, the patient must complete this form (Chiesi Total Care Patient Enrollment and Consent Form), have a Prescription Form on file from your healthcare provider, and have a valid prescription for an eligible product of the Program. Additional documentation may be required. The patient must be a resident of the United States or one of its territories. If the patient is under 18 years of age or is incapable of acting on their own behalf, enrollment into the Program may be completed by another person acting on their behalf (such as a Legal Representative).

A patient who receives healthcare benefits under any plan or program funded in whole or in part by federal or state governments, including Medicare, Medicaid, TRICARE, Veterans Affairs (VA), State Prescription Assistance Plans (SPAPs) (other than health insurance for federal government employees), or any state healthcare program such as the Children's Health Insurance Program, programs funded under Maternal and Child Health Program, or programs funded under Social Services Block Grant (collectively, "Government-funded Plans"), is not eligible for the financial patient support services of the Program. A patient covered under a commercial health plan purchased through a health insurance marketplace or exchange is not a government-funded plan beneficiary even if the costs of such coverage are subsidized by the federal government. If a change in prescription drug coverage should occur, the patient must notify the Program; such change may affect eligibility for the support services provided in the Program. Patients who have been prescribed a product for an indication that is not consistent with the US Food and Drug Administration-approved labeling will not be eligible for financial patient support services offered through the Program.

Patients residing in or receiving treatment in certain states may not be eligible for certain patient support services of the Program. Patients may not seek reimbursement for value received from the Program. The Program does not obligate the use of any specific medication or healthcare provider. Copay assistance is not available in Massachusetts or California when a generic equivalent to a Product is available. Chiesi Total Care may recommend contacting an independent financial assistance foundation. Independent financial assistance foundations have their own rules for eligibility. Chiesi USA, Inc. does not fund independent financial assistance foundations, nor does Chiesi Total Care have involvement or influence in independent foundation decision making or eligibility criteria and does not know if a foundation will be able to help you. Chiesi Total Care can only refer you to a foundation that supports your disease state. This information is provided as a resource for you. Chiesi Total Care does not endorse or show preference for any foundation. The foundations recommended to you may not be the only ones that might be able to help you.

Chiesi Patient Education Liaisons ("PELs") may be available to assist you with disease education, provide relative educational or informational resources, and to answer questions you may have about your disease. Chiesi Field Reimbursement Managers ("FRMs") may be available to assist your doctor's office with product prescription drug coverage, including prior authorization, appeals, and denials.

PELs and FRMs (collectively, the "Program Team") are employees of Chiesi USA, Inc. Members of the Program Team are not healthcare providers and are not part of your healthcare team. Members of the Program Team will not provide medical care or advice. All treatment decisions should be made by you and your treating healthcare professional. To assist you, members of the Program Team may need your personal information. If you choose to opt out of services by the Program Team, you may do so at any time. Please see Chiesi's Privacy Policy at [www.chiesiusa.com/privacy](http://www.chiesiusa.com/privacy).

Program benefits may not be sold, purchased, traded, or offered for sale, purchase, or trade. The Chiesi Total Care patient support services are not valid where prohibited by law, taxed, or otherwise restricted. Offer subject to change or discontinuance without notice. Restrictions, including monthly maximums, may apply. This is not health insurance.

This is a voluntary program. Patients who choose not to enroll in the Program will be able to receive medication. Patients may participate in Chiesi Total Care without participating in a patient support services program of Chiesi Total Care. After enrolling in Chiesi Total Care, participants may opt out by contacting the Program, as outlined above in this form. Patients must renew their eligibility by December 31 of each year to continue to receive support under the Program.

By participating in the Program, participants acknowledge that they understand and agree to comply with the Program Terms and Conditions.
